

Dear Colleagues,

The **International Living Donor Liver Transplantation Group (iLDLTG)** would like to cordially invite you to join the **2020 Living Donor Liver Transplantation Hybrid Symposium**, with the theme "**Overcoming Challenges in LDLT and Advanced Liver Surgery**".

This is a high-impact hybrid symposium meant to address the need for continued medical education in the progressive fields of LDLT and advanced liver surgery in the background of an ongoing global pandemic. This symposium will consist of a morning domestic onsite conference (Kaohsiung, Taiwan) in Mandarin, and an afternoon international virtual conference in English, that will be delivered by leading global experts in the field.

Date: December 19, 2020
Domestic Sessions (onsite) 08:50 - 12:00
International Sessions (online) 13:20 - 18:30 (GMT +8)

Symposium Agenda: <http://lnago.com/ADOF5>

Registration Link: <http://bit.ly/2020LDLTSymposium>

iLDLTG Website: <http://www.ildlt.org>

Registrants based in Taiwan are highly encouraged to be physically present at our specially chosen venue for both the morning domestic sessions as well as the international afternoon sessions. Tsung Lin University is set within the expansive and meditative Fo Guang Shan complex, where the iconic Big Buddha, pagodas and the Buddha Museum can also be witnessed and explored. Lunch, snacks, coffee and tea will be provided for the convenience of the attendees.

For other questions or concerns, please write to ldltsg2020sec@gmail.com

Regards,

Chao-Long Chen

President, International Living Donor Liver Transplantation Group
Professor of Surgery, Director of Liver Transplantation and Superintendent Emeritus,
Kaohsiung Chang Gung Memorial Hospital, Taiwan
Academician, Chinese Academy of Engineering
